By remaining the original architectural structure, the industrial heritage has been transformed to a gallery to revitalize the old building, which is the significance of the project. Our design concepts are fully implemented in the project. For the internal functions and design, the first floor is the aesthetic space and showroom of sanitary ware, while the second floor is for offices. We used simple blocks to build abstract mountain massifs, confuse the boundaries, and make the illusions of "being in the mountain" for in-depth sightseeing experience and an interior world with oriental aesthetic tastes.
